Mr. Steve Edgar
Licensure & Certification
MS State Dept. of Health
Post Office Box 1700
Jackson, Ms39215-1700

Dear Mr. Edgar:

Pursuant to our conversation on October 28, 2009. regarding the deficiencies, here are the restated portions of the plan of correction in question...

M008 105.2

An Acting Administrator has been appointed as of March 20, 2009. The appointee has been approved by the Board of Directors as reflected in the Board's meeting minutes of October 7, 2009

M 058

A Medical Director was officially appointed effected March1, 2008-March 1, 2011. The appointment letter was issued by the CEO and approved by the governing Authority. Appointment letter is on file. The Governing Authority minutes reflects the appointment.

M 058

The Governing Authority reviewed the policies and procedures of Jackson women's Health Organization in its annual meeting held on October 7, 2009. The Governing Authority will continue to review all policies and its changes annually.

M 070

All facility employees providing direct patient care will be trained in emergency resuscitation no less than once a year. All medical staff has a current CPR card on file and staff training for recertification will be out sourced.

M076

All Medical waste will be stored in a freezer located in the bio-hazard room. The freezer temperature will be kept at or below 32degrees Fahrenheit or 0 degrees Celsius. The waste materials will be released to the bio-hazard disposal service company every two weeks.

M 079

All Medical waste will be stored in a freezer located in the bio-hazard room. The freezer tempature will be kept at or below 32degrees Fahrenheit or 0 degrees Celsius. The waste materials will be released to the bio-hazard disposal service company every two weeks.

M 097

All medical staff have read, reviewed, and signed a document stating that the policies and procedures manuals have been read. Furthermore all medical staff will continue to read and review the policy and procedure manuals annually. A signed statement will be on file in the staff's personnel files.

M 083

A make-up fire drill has been conducted and is on file. We have scheduled two (2) subsequent dates for fire drills through December 2009. We are currently working with the Department of Health of revise our current Fire safety policy along with Disaster preparedness policy to bring them up to the required standard.

We are further working with the Department of Health to reestablish monitoring of our emergency lighting source (Generator) and documents that will list our maintenance records. We will utilize the check list provided to us by the Department of Health to ensure compliance to the required standard. An example of a test for the generator is to operate it for 30 minutes in load to meet the required standard.

If you need any further information, I am available at the JWHO Office, phone number, 601-366-2261 or my cellular number, 601-209-6697.

Sincerely,

Betty Thompson
Acting Administrator

M 012	<p>Continued From page 1</p> <p>Nursing, with supervisory and administrative ability who is responsible to the Governing Authority of the facility.</p> <p>This statute is not met as evidenced by: Based on staff interview, review of job descriptions and review of the governing body minutes, the facility failed to designate a registered nurse as "charge nurse" for the abortion facility. Review did reveal that the facility did list several registered nurses as being on staff. However, the facility lacked documented evidence that any of the nurses had been designated "charge nurse" or that one had been designated supervisory authority responsible for the operations of nursing service and the quality of care administered within the facility. Review of the job descriptions for the employed registered nurses revealed that the facility had failed to delegate responsibility for any of the nurses to serve as director of nursing services or charge nurse. Interview with nursing staff confirmed that they did not have a supervisory nurse or a charge nurse.</p>	M 012	<p>M 012 105.06 ABORTION FACILITY CHARGE NURSE</p> <p>The abortion facility charge nurse (Director of Nursing/DON) has been appointed effective August 28, 2009 and has been given the Director of Nursing/Clinical Staff job description and responsibilities. The Director of Nursing/Clinical Staff was approved by the Governing Authority on October 7, 2009.</p>

M 111	Continued From page 23 This Statute is not met as evidenced by: Based on staff interview and review of the facility medication administration logs/records, the facility failed to ensure that all pertinent information was recorded into the Controlled substance (Proof of Use) Record. Findings indicated that the facility failed to maintain records to reflect the receipt of the narcotics by a RN nursing supervisor and failed to reflect logging of the narcotics into their system in accordance with accepted standards of practice. The facility had no documentation to reflect who accepted the narcotics, any documentation or verification of what was actually accepted and lacked documentation to reflect tracking of the medication on the invoice to the medication logged into the administration manual.	M 111	M 111 127.05 RECORDS JWHO does not have any controlled drugs or narcotics in the facility or on the premises. JWHO does not order any controlled drugs or narcotics.	
M 114	126.01 Dispensing Controlled Substances Dispensing Controlled Substances. All controlled substances shall be dispensed to the responsible person (nursing supervisor), designated to handle controlled substances in the abortion room by a registered pharmacist in the abortion facility. When the controlled substance is dispensed, the following information shall be recorded into the Controlled Substance (proof-of-use) Record. 1. Signature of pharmacist dispensing the controlled substance. 2. Signature of designated licensed person receiving the controlled substance. 3. The date and time controlled substance is dispensed. 4. The name, the strength and quantity of controlled substance dispensed.	M 114

M 138	130.14 Emergency Power Emergency Power. Emergency generator shall be provided to make life sustaining equipment operable in case of power failure. Emergency failure outlets shall be provided in all patient care areas. This Statute is not met as evidenced by: The facility failed to perform the required test of the emergency electrical system. Findings include: At 11:30 a.m., on August 27, 2009 while testing the emergency generator set with the maintenance contractor and later during a records review the facility failed to provide documentation of an annual 20 minute load test.	M 138	M138 130.14 An Operable Type I emergency electrical generating system is provided. The Type I EES test will be exercised for 30 minutes each month, under load, in accordance with manufacturer's recommendations and standard applicable to such equipment. A periodic maintenance and inspection schedule has been developed and implemented to assure the operational readiness of the EES.	Nov. 10, 2009
M 147	130.23 Disaster Preparedness Plan Disaster Preparedness Plan The facility shall maintain a written disaster preparedness plan that includes procedures to be followed in the event of fire, train derailment, explosions, severe weather, and other possible disasters as appropriate for the specific geographic location. The plan shall include: 1. Written evidence that the plan has been reviewed and coordinated with the licensing agency's local emergency response coordinator and the local emergency manager;	M 147	M147 130.23 A Disaster Preparedness Plan is presently being formulated with the assistance of the Office of Emergency Planning and Response through the emergency planners which will meet the requirements of the Mississippi State Department of Health for ambulatory surgical centers, as well as the general requirements of the Mississippi Emergency Management Agency. M 149	Continued From page 2 This Statute is not met as evidenced by: At 10:30 a.m., on August 27, 2009, a review of records revealed the facility failed to conduct the required compliment of fire drills. The facility did not produce documentation of fire drills for: 1) The second quarter of 2008 2) The first quarter of 2009 3) The second quarter of 2009	M 149	M149 130.25 The Administrator will be responsible for scheduling and supervising fire drills each quarter. Reports of each fire drill will be reported to NWHO upon completion to include all names of people who participated. Monitor- ing by observation and auditing shall be performed quarterly by management representatives of the governing authority of JWHO. A makeup fire drill has been conducted and is on file. We have scheduled two (2) subsequent dates for fire drills through December 2009. JWHO has re- established policy that the fire drills are completed and documented four (4) times per year. JWHO provided an in-service to ensure all staff members are capable of implementing proper escape routes and precautionary measures. We are also currently working with the Department of Health to revise our current Fire Safety Policy along with Disaster Preparedness Policy to bring them up to required standard.	Nov. 10, 2009
